

DIVORCED FROM HALF SISTER

WERE IGNORANT OF RELATIONSHIP WHEN MARRIED.

Discovery Made Few Weeks Ago and Action For Divorce Followed—Parents of Two Children—Court Record Brings Out Strange Story.

Cincinnati, O., April 12.—A strange story which resulted in John P. Ruch, Jr., aged 22 years, being divorced from his half-sister, Helen Hoffman Ruch, 24, was related today by the court in the divorce proceedings. The half-brother and half-sister were married October 25, 1910, neither at the time knowing of the blood relationship between them. The discovery of the relationship was made a few weeks ago, and the action for a divorce followed.

It was explained to the court that the mistake had been possible because of the fact that the mother, for a private reason, had hidden from the children the fact that they were half-brother and half-sister, allowing them to believe that the girl was only an adopted child.

The petition for divorce, filed by the husband, was upon the formal ground of neglect. The divorce was granted upon that ground for the purpose of protecting the young couple, so far as possible, in the record. The husband was given custody of the two children. The father and mother of the young couple were not in court when the hearing was held.

The relationship of the Ruchs was disclosed to the young husband and wife by Judge William Lueders of the probate court, a few weeks ago, in the presence of their mother, Mrs. John P. Ruch.

Neighbors of the Ruch family informed Judge Lueders that they believed the couple were half-brother and half-sister. He learned after investigation that the two had grown up together under the belief that the girl was only an adopted daughter of Mrs. Ruch.

The youngest of their children is only a few weeks old.

In securing the marriage license Ruch gave the young woman's name as Helen Hoffman.

Judge Lueders, addressing the court today, explained that he had investigated the affair and found that the couple had acted throughout in absolute ignorance of their relationship.

"The discovery was not made until a comparatively short time ago," Judge Lueders said. "I had them in my office and we tried to arrive at some solution for the problem presented. They have two children. They still love each other and love their children. I explained to them that although they might be able to keep the secret for years, there will come a time as surely as anything human can be certain, when some one will have discovered it and it will be exposed possibly in their declining years. Or if the disclosure were to come not until after their death it would be left as a heritage to their children. Now they can come into court honestly to explain an honest mistake and do the only thing in their power to rectify that mistake."

RAIN AND WINDSTORM.

Bloomington, Ill., April 12.—Central Illinois was visited by a heavy rain and wind storm this afternoon. In many places it resembled a cloud-burst and several bridges were washed away. At Lincoln St. Clair's hospital was unroofed.

HARMON IN NEBRASKA.

Omaha, Neb., April 12.—Governor Judson Harmon, of Ohio, ended two busy days in Omaha with an address to one of the largest political mass meetings ever held in this city. MYSTERY CLEARED UP.

Chicago, April 12.—What was at first thought to be a mystery in the death of Miss Viola Schlanker, 16 years old, a high school student, who was found dying in the bathroom of her home today, was cleared up when it was found that while attempting to light a gas jet she had fallen and fractured her skull. The girl had opened the jet and just before lighting it had slipped, striking her head on the corner of a table. Her death was partly due to the gas escaping from the unlighted jet.

FISHER SPEAKS FOR PRESIDENT

TALKS IN SUPPORT OF TAFT'S ADMINISTRATION.

Secretary of Interior Declares President Has Accomplished Much for Interest of People—His Position Has Been Misunderstood.

Lincoln, Neb., April 12.—Speaking here to night in support of President Taft's administration and his views on progressive principles in politics, Secretary Walter L. Fisher of the interior department declared that "absolute regardless of the bricks that are thrown from either side," the president had pressed forward toward the goal of "accomplishment of real measures for the advancement of the interests of the whole people."

"You can be pretty sure," said Secretary Fisher, "that any public man in the middle of the road when he is attacked by a big business upon the one side, and by those who are seeking to advance their personal interests by attacking big business upon the other."

"I became president of the conservation league of America at the suggestion of President Roosevelt and Gifford Pinchot," he said. "I was for the colonel for president when he was only a lieutenant colonel. In 1898 when he had not yet been nominated for governor of New York, I was one of a little group of enthusiasts in the city of Chicago who flung to the breeze a banner inscribed 'for president in 1904, Theodore Roosevelt.'"

The secretary declared that his confidence in President Taft had deepened into conviction with close acquaintance and a greater knowledge of the ability and energy with which he is always working for the promotion of the public welfare.

He said he believed the position of President Taft in respect to "progressive policies" has been misunderstood and misrepresented. He believed in reducing the number of elective officers, which is the "shot ballot," said Secretary Fisher. "He believes in the direct primary and in the presidential preference vote at the direct primary; he believes in the increasing, but conservative use of the referendum, and the only application of the recall which he has opposed is the recall of judges."

AUTO THIEVES

Chicago Officers Investigating Story Told by Two Men Arrested at Ottawa.

Chicago, April 12.—Chicago police are investigating the story told by Paul Sant and George W. Henry, arrested to day in Ottawa, Ill., and held as suspicious characters. Sant and Henry, according to the police, confessed to having stolen two automobiles in Chicago this week. One taken from in front of an hotel, then abandoned in a ditch at an all night frolic. They abandoned the other when it ran out of gasoline. The prisoners said, also, that they broke into an Illinois Central suburban station and into Chicago summer amusement park during their automobile trips. Revolvers, ammunition and candy were the loot.

WOMAN SHAPES LEGISLATION

CHARGE MADE BY MINORITY LEADER OF HOUSE.

Seathing Denunciation of Members of House Committee on Expenditures in Interior Department Delivered by Mann of Illinois.

Washington, April 12.—A seathing denunciation of members of the house committee on expenditures in the interior department was delivered on the house floor to day by Mr. Mann of Illinois, minority leader. He charged that Mr. Graham of Illinois, chairman of the committee, had permitted a woman lobbyist known by him to be in the employ of persons pressing claims before the committee, to shape legislation.

Mrs. Helen Pierce Gray of Minnesota was the woman named by Mr. Mann and he charged that for three months she had occupied a desk in the office of the commissioner of Indian affairs on the strength of her relations with the house committee. During that time, Mr. Mann said, Mrs. Gray had solicited and had received fees amounting to several hundred dollars from Indian claimants before the government.

Mr. Mann said that a disaffected Indian had filed a protest with Chairman Graham and that he had told the woman to "keep the money."

Mrs. Gray in 1908 brought charges against Indian Agent Reynolds, alleging that while she was on the Crow Indian reservation writing syndicate articles she had been thrown into jail and threatened with incarceration in a cell with a male Indian. The charges were aired for a number of weeks before the senate committee on Indian affairs.

The storm broke in the house to day when Representative Graham's committee asked for the adoption of a resolution providing for an Indian investigation in New Mexico. In opposing Mr. Mann said:

"The Democratic investigations have cost the government more than \$100,000. He shook his clenched fists at the Democratic side as he added:

"They have not disclosed any scandal so great as that of the house committee retaining with its scope a person who solicits and receives money to use his or her influence in forcing legislation through for the benefit of clients."

Mr. Mann demanded that Mrs. Gray be summarily shut out from the committee and the bureau on Indian affairs.

Representative Hill of Connecticut, Republican, also protested against the appropriation of any money for a further inquiry into Indian affairs. He denounced the proposed trip to New Mexico as a forerunner of others "until 100 or 150 sub-committees of investigation are wandering around the country training their olfactory sense in trying to smell out something to investigate."

Mr. Graham made no reply to Mr. Mann's charges and the resolution was adopted 64 to 41.

CHILD BLOWN TO ITS DEATH.

St. Paul, Minn., April 12.—Left standing in the street, before the front of the Bastry drug store, the 6 months old daughter of Leonard W. Hodgman was blown under a team of horses and trampled so badly that it died from the injuries an hour later. The father is a deaf mute and was taking the child to the photographer to have a picture taken for the first time. He wished to send a telephone message and took the nurse girl into the store to talk for him. While they were away a gust of wind came and blew the perambulator under a team of horses standing at the curb and the child was trampled under their feet.

TRADE REVIEW

Trade and Industrial Developments.

More Optimistic—Attention Turned to Summer Trade.

New York, April 12.—(Bradstreet's tomorrow will say:

Trade and industrial developments were largely favorable, and conservative optimism predominates. Jobbing trade reports include advice of a quieting of spring demand at large eastern centers with attention turning to late summer and fall trade, but of an improvement nearer points of final distribution, except as in the lower Mississippi valley, where high water holds back agricultural operations and retards sales to country merchants. Easter trade has been irregular but fair on the whole and generally better than last year. In industrial lines features are the continued idleness of the country's coal miners pending possible settlements now under negotiation, the quieting down of the textile labor situation as advances are offered and accepted, and the prospects of an expenditure for building for the first quarter not much behind last year, but with a majority of cities still reporting decreases. However, in the iron and steel trades there is a higher level of prices ruling with the growth of a feeling that this is to a certain extent curtailing some demand. It is also felt that higher prices for cotton goods and the backwardness of deliveries may have some effect upon future orders, those for summer and fall, which are engaging jobbers' attention, now that regular spring demand has measurably quieted.

Business failures in the United States for the week ending April 11 were 254, against 251 last week, 233 in the like week of 1911, 207 in 1910, 201 in 1909 and 261 in 1908.

The committee will organize for the coming two years and also will select a temporary chairman of the state convention. Plans will be formulated for the approaching state campaign.

No opposition has developed to the re-election of Mr. West as chairman. At least 20 of the 25 members of the committee are said to have expressed their intention to work in harmony with Governor Deeney.

State Committee.
Chicago, April 12.—Incomplete returns from downstate districts indicate that the only present committee member defeated outside of Cook county was Joseph J. Patterson of Marquette in the 11th district. Senator Richard J. Barr of Joliet, an opponent, appears to have been elected.

New committee men from downstate districts are John H. Harrison of Danville in the 18th, who succeeds Charles P. Hiltch, who was not a candidate; Homer J. Tice of Greenville in the 20th, who succeeds J. R. Robertson; Lewis H. Minor of Springfield in the 21st, who succeeds John A. Wheeler, and A. H. Jones of Robinson in the 23rd, who succeeds L. L. Emerson.

ROOSEVELT HAD TO TALK POLITICS

DELIVERS FORBIDDEN SPEECH AT SPRINGFIELD, MASS.

Chairman Told Him When Introduced Politics and Religion Were Barred Before Organization—Entire Speech Devoted to Politics.

Springfield, Mass., April 12.—Although he received a loud hint not to talk politics, Col. Roosevelt spoke for an hour here to night, and it was all politics. After paying his respects to the speaker who laid the injunction upon him, he made the flat statement that he believed his hearers wanted him to say what he believed.

The forbidden speech was delivered before the Commercial Travelers club of Springfield. William G. McKeehan, who introduced the toastmaster, told Col. Roosevelt that politics was barred.

"Religion and politics play no part in this organization," he said. "Any reference thereto is expressly prohibited by its constitution."

When Col. Roosevelt arose he said: "I know you wished me to come to Massachusetts to tell you the reasons for the faith that lies in me. Mr. McKeehan has said your association wishes entire freedom of speech. That is no jest. You wish any man to speak with frankness, and I could not come here and refrain from speaking of politics, because with me politics represents the deepest convictions as to the vital needs of the country, and of course, I shall speak to you of them."

He then went on to discuss the present policy of the government toward business, which he declared to be wrong. He also explained his ideas in regard to the courts.

PRIMARY TODAY

Pennsylvania Will Vote on Presidential Preference—Both Parties Will Vote.

Philadelphia, April 12.—Pennsylvania's delegations of 76 members to the Democratic and Republican national conventions will depend upon the result of tomorrow's primary election. Both parties will vote directly for 64 national delegates, two from each congressional district and the remaining twelve will be chosen at state conventions, the delegates to which will also be chosen to appoint delegates to the regular Republican organization throughout the state have declared in favor of the re-nomination of President Taft, but they will not be bound by any instructions from the voters, as the president's name will not appear upon the ballots.

Both wings of the Democratic organization of this state have declared in favor of the nomination of Woodrow Wilson for president. In many districts there will be contests, however, between candidates of the "reformers" who supported National Chairman Taft and the "reorganizers" who are followers of Congressman Palmer.

Delegates pledged to support Congressman Clark will also appear on the ballots in many congressional districts and in individual instances candidates have declared in favor of Harmon and others. The primary will open at 2 p. m. and close at 8 p. m.

DEMOCRATIC PLATFORM.

Subject Discussed by Democratic Leaders.

Chicago, April 12.—J. Hamilton Lewis, Democratic candidate for senator; E. F. Dunne, Democratic candidate for governor, and Charles Boeschenstein, chairman of the Democratic state central committee, held a conference today at which the platform of the state convention, to be held in Peoria, April 19, was discussed. The planks which are said to have been under discussion were:

In favor of the initiative and referendum.
Favoring state-wide civil service.
A national system of taxation and the abolishing of the state board of equalization.
Favoring a corrupt practices act.
Direct primary for the election of United States senators.

An endorsement of the platform adopted by the Denver national convention in 1908.

In addition, the tariff question was discussed. It was said that a plank would be inserted, questioning the action of the present national administration as regards that issue.

"SOCIETY CIRCUS."
Chicago, April 12.—After a hall in which the Nables of the Mystic Shrine were giving a "society circus" was filled to its capacity to night, one hundred policemen were called to prevent crowds of people from jamming into the building. The doors were ordered closed by the police an hour before the circus began. Crowds of people who fled the streets for blocks were unable to get in.

IN CUSTODY OF OFFICERS

CANADIAN BANKER WILL BE TAKEN BACK.

Dr. Nesbit, President of Toronto Bank, Accused of Misappropriating Funds—Defalcations Estimated at Quarter of Million Dollars.

Chicago, April 12.—Dr. Beattie Nesbit, former president of the Farmers National Bank of Toronto, Canada, to night is in the custody of the United States government here awaiting extradition proceeding on behalf of the Dominion on the charge of misappropriation of the funds of the bank, resulting, it is said, in the failure of the institution. Dr. Nesbit was taken to the county jail late to day, after a hearing before United States Commissioner Mark A. Foote, who held him without bail. The extradition laws do not permit bail. His hearing was continued to April 26.

Nesbit's alleged defalcations are estimated at a quarter of a million dollars.

The former bankers' attorneys, William Pattison and William H. Holly, would not state what their course of action would be, but it is said that Nesbit will fight all attempts to extradite him. Hubeau, counsel proceeding in the United States courts were suggested as the opening move.

Nesbit at first denied his identity. A number of Toronto school teachers, attending a convention here positively identified him, however, and later his attorneys gave out a statement admitting him to be the former Canadian bank president, but denying that he was guilty of any offense.

Attorney Pattison caused surprise by declaring that to his own knowledge, Nesbit had been in Chicago for more than a year, and frequently had dined with him at a downtown hotel.

BOY WAS GAGGED

Albert DeWitte of Case Avenue Roughly Dealt With by Unknown Parties.

Albert DeWitte of 843 Case avenue was attacked, tied and gagged Thursday night about 2 o'clock by unknown parties as he was walking down an alley near his home. The boy had been up down during the evening and was on his way home at the hour above stated when the assault was made. He had walked down North Church street with the Misses Lindsay to their home and then started to his residence on Case avenue. As soon as the perpetrators of the deed had gagged the boy, they ran away, leaving him lying in the alley. He finally succeeded in loosening the gag by moving his mouth and then called for help. His father, Elmer DeWitte, responded and released him. The motive for the act is hard to understand, as Albert is a boy who is not disposed to have trouble with any one and he knows of no one who would hold any special ill will against him. Recently the DeWitte boy and the Misses Lindsay also have been receiving anonymous letters, containing threats and not always written in the best of language. It would seem that the letters have some connection with the affair of Thursday night.

Will Keep Close Watch for Speeders.

Police May Use Motorcycles in Approaching Auto Drivers Who Break Law—Two Arrests Made Friday.

Thursday afternoon A. J. Masters and George Orear were driving their automobiles down South Main street and almost collided with the hook and ladder wagon which was on the way to a fire. Chief Woods of the fire department filed complaint and yesterday Mr. Masters and Mr. Orear were arrested by Chief Davis and in "Squire Coons" court paid fines of \$10 and costs each.

On account of the condition of the country roads the auto drivers thus far this spring have been compelled to stick pretty closely to the paved streets and a great deal of speeding has already been done. Mayor Davis is now talking with Chief Davis about the advisability of buying a motorcycle for use by the police department in identifying speed law violators and it is likely that a motorcycle will be purchased. An active campaign is to be waged against auto speeding and whatever steps are necessary to control the matter will be taken. The mayor and the police department think that the time to begin enforcing the speed ordinance is now, early in the season and this strict policy will be adhered to in order that the safety of pedestrians and of those who use slower means of travel than automobiles may be fully protected.

CLARA BARTON PASSES AWAY

WIDELY KNOWN AMERICAN WOMAN DEAD.

Founder of Red Cross Society Died at Her Home in Maryland—Suffered Attack of Pneumonia Over Year Ago and Had Been in Feeble Health Since.

Washington, April 12.—Miss Clara Barton, founder of the American Red Cross and probably the most widely known American woman of her day—died at her home, Red Cross, in Glen Echo, Md., this morning at 9 o'clock. She was 90 years old.

Miss Barton suffered an attack of pneumonia in February, 1911, had a relapse and the disease became chronic. She went last summer as usual, to her old home in Oxford, Mass., and returned to Glen Echo in feeble health last autumn.

The great regret of Miss Barton's last months was that her enfeebled condition made it necessary for her to suspend work on her autobiography. She had brought this work down upon to the beginning of her public career as a civil war nurse. A woman whose whole training had fostered habits of precision, she had left behind practically the entire correspondence of her public career, as well as other data bearing upon her international hospital work, and her work which she began will be completed by other hands. She had outlined to her nephew, Stephen Barton, what she considered the salient points in her public life. The last years of the great Red Cross nurse had been spent in retirement. She maintained her winter home at Glen Echo, but passed part of each summer at her birthplace in Massachusetts. She retired from the presidency of the American Red Cross in 1904, and since that time had no affiliation with the organization of which she previously had been the head since its establishment, largely through her efforts of more than 30 years ago.

Members of her household were regretful in discussing Miss Barton's withdrawal from the work in which she long has been a leader, contenting themselves with the statement that she retired when more ambitious ones came forward. They sent no notification of her passing either to President Taft or the executive body of the Red Cross.

Miss Barton will be buried where she was born, on the slopes of the little cemetery in Oxford, Mass., with father and mother, brother and sisters, who will be laid to her long rest near by the spot where her cradle was rocked.

Brief funeral services will be held at the Glen Echo home Sunday afternoon. In accordance with Miss Barton's wish expressed shortly before her death, her long time friend, Mrs. John A. Logan, will be present and will deliver a brief eulogy. Rev. John Van Schaick and Rev. Dr. Curry, Universalist clergymen, will officiate. Miss Barton leaned toward Universalism, but held membership in no church.

The funeral party will leave here Sunday evening and further services in Oxford will be conducted Monday.

ORDERED EXTRADITED.
Italian Convicted of Murder Must Return to Native Country.

Chicago, April 12.—Giuseppe Macaluso, wanted by the Italian government on a charge of murder, and convicted by the Italian government to life while still a fugitive, was to day ordered extradited by United States Commissioner Foote. The papers providing for the deportation of Macaluso, were forwarded to Secretary of State Knox, in Washington, for which Macaluso was tried occurred in 1905 during the Camorra excitement. The young son of a physician in Prizzi, province of Palermo, Italy, was kidnapped and held for a ransom and because the full amount of the ransom demanded was not paid the boy it was declared was subject to imprisonment. After his conviction Macaluso was traced to America and arrested.

COST OF IMPROVEMENT.

The Really Latest Styles— These Fresh From Paris—

are only in the Pictorial Review Spring Fashion Book. It can't help being that way—for the Pictorial Review pattern business is the big part of the American Fashion Company, which supplies (as it has for twenty years past), the cloak and suit manufacturers with all their advance models. These manufacturers must have their styles three or four months before the retail selling season opens, so as to get their goods made up, so you will see why Pictorial Review fashions are offered you perhaps even before dry goods stores put the newest models on sale. This is also why Pictorial Review patterns are

Sixty to Ninety Days Ahead

of all others—you could easily convince yourself, as have thousands of other women, by comparing all the pattern publications. If you do, just notice the numerous Pictorial Review styles for draped skirts, the latest waists, the new cutaway jackets—as against the one or two partially new or "warmed over" models shown by others. This leads us to say

When you select your patterns from the Pictorial Review Spring Fashion Book you do not run the risk of having your dress out of date as soon as it is made.

Pictorial Review Patterns, Too, Are Superior to All Others. Here are the Reasons

With each Pictorial Review pattern is a patented Construction Guide, showing how to produce a perfectly fitting garment with absolute certainty. There can be no home-made look about a garment made from Pictorial Review patterns; it looks right—fits right and stays right.

Because of these Guides, there is great economy in using Pictorial Review Patterns. Other pattern makers, who can use no Cutting Guide, realize that you won't lay out the material as carefully as a professional cutter, so they allow an extra half-yard or so of material to compensate for your possible mistakes. You always pay for this extra material when you use other patterns—but with Pictorial Review patterns you save your goods.

These two guides, both FREE, are given only with Pictorial Review patterns.

SENIOR RECITAL

Miss Sue Fox Heard in Graduating Work at Woman's College.

Miss Sue Fox, a pupil of Miss Amanda Kidder, head of the School of Expression at the Woman's college, was heard in her senior recital Friday afternoon. Two other recitals of a pleasing character have been heard this year from this department and the one of yesterday proved a rare treat and most enjoyable.

Miss Fox had for her subject "The Palace of the King," by E. Marion Crawford. The selection abounds in many opportunities to display the genuine qualities of an elocutionist, and the reader revealed an unusually mental grasp of the subject. Miss Fox is a hard student and successfully works out all the little details of her characters and interprets them in a pleasing manner. Her work is free from mannerisms and she has a brightness and vivaciousness in her delineations which never fail to delight and hold the attention of an audience. She received many favorable comments at the close of her program yesterday.

SAVED BY HIS BOOTS.

The Way a Writer Dodged Death in the French Revolution.

In the French revolution a feuilletonist named Schlaberndorf, who possessed considerable ability as a writer, by heartily espousing the cause of the Girondists in all that emanated from his pen rendered himself obnoxious to Robespierre and at the dictation of that fierce leader was incarcerated. When the death cart one morning came to the prison for its load of those that were that day to be butchered Schlaberndorf's name was on the list of the condemned. The jailer informed him that such was the case, and the writer dressed himself for his last ride very nonchalantly and—he was extremely fastidious as to his personal appearance—with great care. His boots, however, he could not find. Here, there, everywhere, assisted by his jailer, he looked for them to no avail.

"I am quite willing to be executed," said he to the jailer after their fruitless search, "but really I should be ashamed to go to the guillotine without my boots. Nor do I wish to detain this execution party," he added, smiling grimly. "Will it make any difference if my execution is deferred until tomorrow? By that time I shall probably succeed in finding my boots."

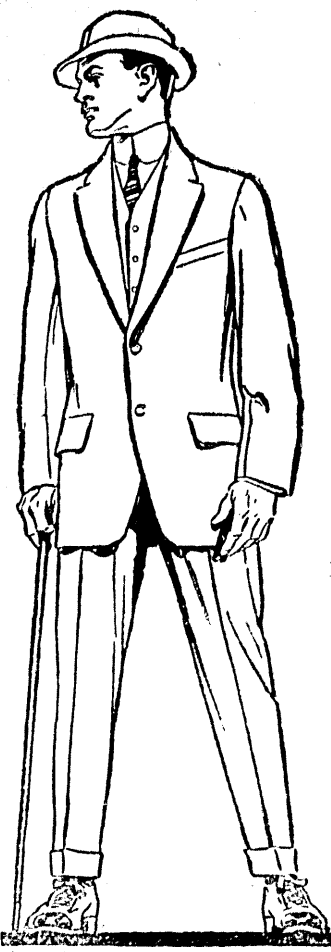

"I don't know that it will matter particularly when you are guillotined," responded the functionary, between whom and Schlaberndorf there had existed a sort of friendship. "Suppose we call it tomorrow, then?"

"All right." And the jailer allowed Schlaberndorf to remain, not unwillingly, as, owing to his universal good humor, he was especially liked by all the jail attendants.

The following morning when the cart drew up before the prison door for its batch of victims Schlaberndorf, dressed in his best, including the boots, that had been found, stood waiting the summons of the jailer to take his place therein. Meantime, however, a new jailer had taken the place of the old one, the latter himself having suddenly been displaced by reason of suspected disloyalty to the revolutionists, and Schlaberndorf's name was not called that morning. Nor was it called the next morning nor the morning after that nor, indeed, ever again. It was believed by all outside of his friends in the jail that he had perished on the morning originally set for him. He remained in prison until the sway of Robespierre had ended. Then he regained his liberty, as did the rest of those prisoners whose heads had not fallen beneath the bloodstained ax. — New York Press.

Twelfth Century Skating.

Skating must have been a difficult art before the introduction of steel blades, yet Londoners used to go in for it as early as the twelfth century. Fitzstephen in his "Description of London," published in 1180, records that "when the great fairs or moore (which watereth the walls of the city on the north side) is frozen many young men play on the ice. Some striding as wide as they may do, slide swiftly; some tie bones to their feet and under their heels, and shaving themselves with a little pickled staff do slide as swiftly as a bird with in the air or an arrow out of a crossbow."

BANQUET AT BAPTIST CHURCH

Members of Men's Bible Class and Friends Enjoy Evening's Program of Toasts.

The Men's Bible class of the First Baptist church was given a wonderful impetus Friday evening on the occasion of their banquet. This class has been organized about four months and contains twenty-five members. Carl E. Robinson is president of the class and Rev. W. L. Dorgan, pastor. The organization has already become one of the valuable assets of the church and the outlook is very bright for an increased membership and interest.

The banquet was held in the basement of the church and the tables had been neatly arranged and prettily decorated with flowers and candles. A most excellent supper was served, under the auspices of the Young Ladies' Aid society, and they left nothing undone to see that all were well cared for.

Carl E. Robinson acted as toastmaster of the evening and the first number on the program was a violin selection, "Liebesleid," by Kreisler, played by Dean Cochran, accompanied by Prof. Krutch. He gave the piece in such a splendid manner that he was heartily cheered and he responded with "Souvenir de Wienawski," by Haesche.

The first speaker on the program was E. E. Crabtree, whose subject was "The Relation of the Business Man to the Church." He praised the work of the newly organized Bible class of the Baptist church and pointed out in a very forceful manner the wonderful opportunities held out to men in the study of the Bible. He recited a chapter from his own life relative to his few years work in the State Street church Sunday school and of the various methods the Men's Bible class of that church had inaugurated in order to increase the attendance and interest. He interspersed his remarks with some clever jokes.

"How to do Sunday School Work" was the subject assigned A. A. Curry. He said that sixteen years ago he was elected superintendent of the Sunday school of the Pisgah Baptist church, a position he has held since, and that he had never regretted the work done for the school. He showed the wonderful transformation which had come to that community through the efforts of the men in the Sunday school and that the men there really apologized to one another for not being present in the school. He said that men ought not only to account it a duty but a privilege to be associated with the great army of Sunday school workers.

President C. H. Rammelkamp of Illinois college spoke on the subject, "The College and the Church." He said that the college was the child of the church but that there was a tendency for a separation of the two. The big educators recognized this fact and had been working toward a closer union of the two organizations. He related the special work along this line that had been done by the late President Harper of Chicago university. Dr. Rammelkamp stated that the smaller colleges were furnishing ninety per cent of the men who were entering the ministry and even a large per cent were furnished for workers in the missionary fields. The speaker emphasized the fact that the church should do all in her power to support the smaller institutions because of these important facts.

Rev. L. H. Davis spoke from the subject, "The Claims of Bible Study on Men." His discourse was full of deep thought and inspiration. He said that the spirit of a meeting such as the one last night, had for its ultimate purpose the bringing of all men of all faiths into one common brotherhood. He reviewed the revival of learning in art and literature in the fourteenth century and how later in Germany this revival revealed itself in a great moral wave, and through the work of Luther, Whitfield, Charles Wesley, and others, spread to all parts of the world. He said at length upon the wonderful use in which we were living and that the church was awakening to the fact that the religion of Jesus Christ had the greatest claim on men and was the biggest thought that could possess the heart. The church has a right to expect the best there is in a man. He pointed out the following reasons why men should study the Bible, the greatest book, the one volume that had outlived all others: (1) For his own sake; (2) for the sake of other people; (3) for the sake of the church; (4) for the promotion of the Great Kingdom of God.

Dr. G. H. Kopperl, superintendent of the Sunday school, spoke briefly of the great pleasure it afforded him of having so many guests present, and of the value of the Men's Bible class and of the Sunday school and of his purpose to assist and help in every way he could.

Rev. W. L. Dorgan was also heard in a short talk. He told of the recent organization of the new Bible class and gave an outline of what the organization expected to do. He urged the men of the church to rally around the class and to give it their hearty support by attending every Sunday and of getting other men to affiliate themselves with the workers.

The Misses Katherine, Anna and Mary Mackey entertained very delightfully at their home on Brown street, recently for Miss Mayme McBride, in the way of a miscellaneous shower. The house was prettily decorated in a color scheme of pink and green, by the use of carnations and smilax. The dining room was in pink and white and this idea was carried out in the delicious refreshments, which were served. Miss Anna Kiley pouring the coffee. The prizes of the evening were won by Misses Alice Devlin and Miss Grace Leary and the guest prize went to Miss McBride. Many handsome and useful gifts were presented the bride-to-be and the occasion was one of much pleasure.

An informal reception was given Friday evening at Northminster church in honor of Mr. and Mrs. John Kennedy, who are soon to leave for California to reside. A delightful social time was enjoyed and elegant refreshments were served. At a fitting time in the evening's program, Rev. Walter E. Spooner, the pastor, made a brief address, expressing the appreciation of the church to Mr. and Mrs. Kennedy for their loyalty and faithfulness and assuring them that the prayers and best wishes of their friends here followed them to their new home in the west. The reception was given by the societies of the church and there was a large number of the members present.

The Inevitable Class of Northminster church gave a box social Thursday evening in the community rooms of the church and realized a neat sum of money from the affair. Rev. W. E. Spooner, the pastor, acted as auctioneer and succeeded in getting some fine prices for the excellent boxes offered, some going as high as \$4 and \$5. A delightful social time was enjoyed.

PAY TRIBUTE TO MRS. MATT. MINTER

Fortieth Anniversary of Mr. and Mrs. Minter's Reception Into Rebekah Lodge, No. 13, Is Fitly Remembered.

A beautiful tribute was paid to the life of the late Mrs. Matthew Minter and her connection with Jacksonville Lodge No. 13, Rebekahs, at the regular meeting of the lodge Friday night, the day marking the fortieth anniversary of Mr. and Mrs. Minter's reception into the order.

"To night marks an epoch in the history of Jacksonville Rebekah lodge, No. 13," said F. E. McDougall in referring to the occasion. "On January 23, 1872, forty years ago last January Brother Minter was initiated into the mysteries of Odd Fellowship. Just as soon as he had received his degrees he and his beloved wife, on April 12, 1872, forty years ago to night, were received into this lodge. The lodge then met in the old Dayton and Adams building on the north side. Brother Matt is now the oldest Rebekah in point of membership in the lodge. He and his estimable wife had looked forward with much anticipation to this date and had she been spared to us it would have been one of the happiest moments of their life. On January 23, Brother Matt presented the subordinate lodge with a box of apples in celebration of his fortieth anniversary in the lodge and now to night he wishes me to present this box of candy to the Rebekahs. In conclusion, Sisters and Brothers, I can only say God bless and keep our dear Brother Matt and let us hope that he will be spared to be with us on many other anniversaries."

After the lodge session, a social time was enjoyed and the following program was given, Mr. McDougall acting as chairman:

Piano solo—Miss Pearl Jaeger.
Reading—Miss Fox.
Vocal solo—Miss Halgh.
Novelty music—George Siegfried.
Vocal solo—Otis Erney.
Reading—Miss Mardell MacDougall.

Piano solo—Miss Estaque.
An old time spelling match was also enjoyed. Mrs. F. E. McDougall and Mrs. C. O. Bayha choosing sides. Miss Minnie Anderson gave out the words. In one corner of the hall a gypsy's tent had been arranged and here Mrs. J. J. Moon, as fortune teller delved into the futures of many. Elegant refreshments were served.

The hostesses were Mesdames Jaeger, Schulz, Brainer, Phillips, Taylor, Halgh, Pine, Todd, Harry Cobb, Kehner, Estaque, Moon, Hopper, Abernathy and Fife; Misses Pearl Jaeger, Lydia Brown and Minnie Anderson.

LOCAL RED MEN GO TO CHICAGO

Delaware Tribe Team Will Exemplify Degrees to Large Class Monday in Masonic Temple—Will Take Special Scenery.

The degree team of Delaware tribe, I. O. R. M., and twenty or more other braves from the local tribe will leave at 1:58 Sunday morning in a special car over the Alton for Chicago, where on Monday they are to exemplify the degrees to a class of 100 candidates. The Jacksonville team will take with it more than 1,600 feet of special scenery, which has been newly made by Samuel Armstrong, also lighting and equipments, which will be the most complete of any tribe in the United States. The advertising of the fact that the work is to be put on by the Jacksonville team has caused great enthusiasm among the Red Men of Chicago as no degree team in several states ranks higher in point of equipment and in drill perfection.

The sixteen men who comprise the celebrated degree team are: Perry White, sachem; A. B. Joppan, senior sagamore; C. A. McElation, prophet; T. J. Brennan, junior sagamore; W. G. Wolfe, first shaman; George W. Davis, second shaman; Roy Goodrick, first scout; J. Cross, second scout; Percy Doolin, first braver; "Bud" Doolin, second braver; Leo Ends, third braver; R. L. Pratt, fourth braver; Clarence Large, first warrior; William Latham, second warrior; L. P. Burke, third warrior; Walter Brown, fourth warrior. Among the local men accompanying them will be J. F. Brennan, great keeper of wampum of the state; Hon. Andrew Russell, Thomas Russell, W. H. Anderson, chairman of mileage and per diem committee; F. E. Farrell, John Rawlings, I. M. Bunce, Charles Knollenberg, George P. Davis, Louis Engel and D. J. McCarty, tribe delegate to the school of instruction. These will be joined in Jacksonville by a number of state officers, as follows: W. E. Stone of Mason City, great shaman; Harry C. Stuttle of Litchfield, great senior sagamore, and A. E. Hinners of Virginia, chairman of finance committee. At Bloomington O. L. Whitmer, great chief of records, with four other prominent braves from Springfield, will become members of the party; also Will D. Newton, representative of the great council of the United States, and George L. Adams, editor of The Illinois Red Man, both of whom reside in Bloomington.

Upon their arrival in the big city the local Red Men will be met by a committee of twenty, representing all the tribes in Chicago and that they are to be royally entertained by their hosts is shown by the following card, which has been sent to the Chicago committee:

"Red Men's Headquarters, Kaiserhof Hotel.

"You have been appointed on a committee to meet the Jacksonville Degree team on Sunday morning next at 7 sharp, Union depot, Alton road. Be on time. If late, meet us at Kaiserhof hotel, at 9 o'clock sharp, when roll will be called. Procure badge of secretary. At 2 o'clock Monday, April 15, the Past Sachem's degree will be conferred in room 412, Masonic Temple. At 3 o'clock a school of instruction will be held. At 7:30 Monday evening, in the drill hall, Masonic Temple, the degrees of the order will be exemplified by the Jacksonville team, with special scenery, lighting and equipments. Hundreds of Red Men from out of town will be there, so be sure to be on time. 'Tis the dawn of a new day for Redmanship in Chicago. Be with us; help us by your presence."

The class to be initiated consists of some of the most prominent men in Chicago, among them being Hon. John E. W. Wayman, state's attorney of Cook county; Mr. Newcomb, head of the Rand-McNally company and the manager of the Board of Stock Exchange. It is also interesting to note that one of the pale faces is George Hagel, formerly of this city.

The special car in which the local men will travel will be put in readiness this afternoon and will leave at 1:58 in the morning. The Red Men greatly appreciate the splendid accommodations afforded them by Mr. Diltz and the C. & A. officials.

SICK DAUGHTER NOW WELL

Mrs. C. Cole Tells How Her Daughter Was Restored to Health by Lydia E. Pinkham's Compound.

Fitchville, Ohio.—"I take great pleasure in writing to thank you for what your medicine has done for my daughter.

"Before taking your medicine she was all run down, suffered from pains in her side, could not walk but a short distance at a time, and had severe pains in head and limbs. She came very near having nervous prostration. She had begun to cough a good deal and seemed melancholy by spells. She tried two doctors but got little help. "I cannot find words to express my gratefulness for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. She feels and looks like another girl since taking it, and I shall always feel that I owe you a great debt. "You can use this letter for the benefit of others if you wish, as I shall always recommend your medicines for female troubles."—Mrs. C. Cole, Fitchville, Ohio.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

NATIONAL LEAGUE

Brooklyn, 4; New York, 2.
Brooklyn, April 12.—Brooklyn evened up matters with New York to day, winning 4 to 2, mainly on the poor work of Schaefer at short. He had three fielding chances and footed them all. The bungling off-set Tesreau's good pitching, the youngster allowing only three hits. Knetzer pitched well up to the seventh when two passes and a single filled the bases. He gave way to Schardt, who blanked the side and then struck out three men in the eighth, when play was stopped by darkness.

Cincinnati, April 12.—McIntire weakened after nine grueling innings and by allowing three hits in the tenth permitted Cincinnati to win the second game of the series with Chicago here to day 3 to 2. Benton was hit harder earlier in the contest, but kept the safeties well scattered. A base on balls, a sacrifice and a single in the fourth gave Chicago their first. In the tenth singles by Benton, Bescher and Hohlitzel brought home the winning run.

STREET RAILWAY ORDINANCE

TUESDAY!

The commissioners join with the company in asking the assistance of the voters of Jacksonville in the franchise election next Tuesday, April 16.

The franchise is fair for the company and for the city. No one asks or expects more. Neither side got all the things they wished, but the commissioners secured practically every important concession they demanded.

By their earnest endeavor to secure the best possible franchise for the city and by their attitude of fairness to the company they settled without trouble or expense a question that has been unsettled since 1907.

Had the question been taken to the courts and fought, as it would have been fiercely fought by both sides, it would have cost both the city and the company thousands of dollars in attorney fees and costs.

When the final settlement in the conferences between the city and officials of this company was made the commissioners were a unit on the franchise. They reached their decision in a closed session. Then our representatives were called and the result of their meeting was announced. This franchise as agreed upon by the commissioners was accepted by this company.

By means of this peaceful settlement the rights of the city are secured without useless litigation and expense.

This franchise secures for the city three per cent of the gross income of the company. Based on present returns this will amount to \$35,000 and it is very likely that this sum will increase. Your commissioners held out for this amount and the company agreed to it.

Four cent fares are secured and half fare tickets for school children under eighteen years of age.

Good service is assured and the track now on Illinois avenue will be removed.

As a concession to the company the ordinance allows one-man-near-side operated cars. This seems to be the only objection. The street car system at present can not pay interest, and depreciation charges, operating expenses, and make money on an actual physical replacement value.

The new cars are especially built for this service and are the latest thing in car building. The near side stop is the safer and most practicable. The pay as you enter feature is in use in almost all cities. The one man near side operated car in which the rear is closed and passengers enter and leave under the eye of the motive power operator is safe. There is no confusion and no crowding.

This type of car was recently authorized by Quincy. It is giving absolute satisfaction in Cairo, where service conditions are much more severe than in Jacksonville. Some of your Commissioners visited Cairo and watched the operation of these cars there. They were agreed that they gave satisfaction and made their schedule.

The City Absolutely Controls the Service

There are no ifs and ands about this. If the service is not satisfactory, if it is not safe, if the schedule is not maintained the company, at the order of the city, will have to restore the other cars. The franchise also requires modern equipment, clean and well heated cars and good roadbed and track. The city has supervision of the operation of the cars and can demand what it wishes.

The City Bosses the Job and Receives Compensation.

That is the whole thing in a nutshell. The Company is given an opportunity to save money, but the City has the say so as to cars, service, track, roadbed, paving and operation. It also receives three per cent of the gross income.

No citizen wishes to impose any hardships on this company. The City desires good service and this franchise secures it. Every business man desires to conduct his business in the least expensive manner and at the same time give the maximum service for which his business was created. If the invention and development of this new car will give as good and safer service and allow the company to conduct its business with less expense surely there can be no objection.

The City Demands Good Service and Has Power to Secure It.

Both the Company and the Commissioners ask your assistance at the polls Tuesday. If this ordinance is defeated the results of weeks of work will be lost. The time spent voting will not be noticed and your vote will help. If you can
